# INDIA'S LARGEST EXHIBITION FOR THE MINING SECTOR

## IMME 2026

India stands among the world's leading producers of key minerals, playing a pivotal role in the global mining landscape. It ranks among the top producers of coal and continues to be the largest producer of mica. India is the second-largest producer of crude steel and aluminium, and the fourth-largest producer of iron ore globally.

The country also holds prominent positions in the production of other key minerals, ranking among the top producers of chromite, manganese ore, and bauxite, further reinforcing its strategic importance in the global minerals and metals sector.

The Confederation of Indian Industry (CII), India's premier industry association and largest exhibition organizer, is proud to present the 18th edition of the International Mining and Machinery Exhibition (IMME). Scheduled to be held from 18th to 21st November 2026 at the Science City Exhibition Ground, Kolkata, India.

IMME 2026 will feature a wide array of mining machinery, equipment, advanced technology solutions, services, and supplies from both India and abroad. Since its inception in 1984, IMME has grown to become the largest mining exhibition in India, consistently bringing together key industry players and contributing to the dynamic growth of the mining sector.

## GMS 2026

The 18th edition of the Global Mining Summit (GMS) and International Mining Machinery Exhibition (IMME), the flagship event of CII in the mining sector, which is scheduled to be held from 18th November 2026 to 21st November 2026 and Global Mining Summit 2026 will be held from 18th November 2026 to 20th November 2026, while IMME will continue till 21st November 2026 at the Science City Exhibition Ground in Kolkata, India. The Summit will draw participation from major geographies including Australia, Canada, Poland, the Czech Republic, Germany, Italy, the UK, Indonesia, and Russia.

This event will attract global mining majors who showcased the latest technologies for the sector, providing an ideal platform for collaborations, technology transfers, and networking opportunities with key international players in the industry. The event will feature over 400+ exhibitors from around the globe and welcomed more than 15,000+ business visitors. The summit is aimed to highlight the growth and emerging trends in the Indian mining sector, focusing on high-priority aspects of the mining business, including exploration, ease of doing business, new technology, policy frameworks for sustainable mining, and emerging opportunities in critical minerals, rare earths, and urban mining. Major players from the mining, coal, iron ore, and other mineral sectors, both globally and within India, utilized this forum to exchange views, share ideas, and explore business partnerships.

## Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organisation, with around 9,700 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 318 national and regional sectoral industry bodies.

For 130 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with the Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialised services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains, including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2025-26, CII has identified “Accelerating Competitiveness: Globalisation, Inclusivity, Sustainability, Trust” as its theme, prioritising five key pillars. During the year, CII will align its initiatives to drive strategic action aimed at enhancing India's competitiveness by promoting global engagement, inclusive growth, sustainable practices, and a foundation of trust.

With 70 offices, including 12 Centres of Excellence, in India, and 9 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with about 250 counterpart organisations in almost 100 countries, CII serves as a reference point for Indian industry and the international business community.

Indian Construction Equipment Manufacturers' Association (ICEMA) is an apex body for Construction Equipment (CE) manufacturers in India and represents over 150 OEMs, component manufacturers, financiers and other CE industry stakeholders. The members of the Association comprise 95% of the OEMs and component manufacturers in the Indian CE Industry, along with other leading companies that manufacture, trade and finance a variety of Construction, Earthmoving, Concrete, Mining, Material Handling and Material Processing equipment used for developing a robust, world-class infrastructure in the country.

A non-government and not-for-profit organization, ICEMA serves as a reference point for India's CE industry. The Association supports and guides the CE industry and engages with the Government in shaping new policies, works towards development of new standards for construction equipment and creates platforms for knowledge sharing. The Association also serves as a bridge between the Indian and global construction equipment industries by interfacing with international counterparts.

At the heart of ICEMA's endeavors lies a relentless pursuit of excellence, epitomized by its commitment to developing a skilled workforce to meet the evolving demands of the industry. By nurturing talent and fostering innovation, ICEMA paves the way for a vibrant and sustainable future for the CE industry in India.
